## ROUSING WELCOME IS GIVEN AIRMEN

Special Train Carries Them To Rockaway for Big Parade

Rockaway is Mass of Bunting To Welcome Aeronauts

(By Associated Press)

New York, January 14.—An official welcoming committee from Rockaway headed the crowd of curious spectators which thronged the Pennsylvania station this morning to get a glimpse of the three naval aviators, Lieutenants Kloor, Farrel and Hinton, on their return from their hazardous adventure in the frozen wilds of Canada.

The first event in what promised to be a busy day for the airmen was a luncheon at the Hotel Pennsylvania, after which the committee bore them off on a special train for Hamels—the starting point of a parade to the Rockaway naval station.

The town of Rockaway was decorated with flags and bunting for the occasion, and many shopkeepers declared a half holiday in celebration of their safe return.

## LEONARD RETAINS HIS TITLE

Lightweight Champ Scores Knockout Over Richie Mitchell in Sixth.

(By Associated Press)

Madison Square Garden, N. Y., January 14.—Benny Leonard retained his world's lightweight championship by scoring a technical knockout over Richie Mitchell of Milwaukee, here tonight. The referee stopped the bout after one minute and forty-five seconds in the sixth round.

In the opening round, Leonard knocked his opponent down three times and injured Richie's right eye so badly that it was useless to the game western lad during the remainder of the bout.

However, toward the end of the initial round, Richie surprised the champion and in fact the entire house by hooking a terrific left to Leonard's jaw which sent the champion down on his back.

West Frankfort, Illinois, Scene Of Mishap.

(By Associated Press)

West Frankfort, Ill., January 14.—Five men were injured in an explosion believed to have been caused by gas in Old Ben Coal Corporation mine number eight, west of here, early this morning.

The five were burned, but none are believed to have been fatally injured. It was said at the office of the company.

The explosion occurred about two o'clock in a gallery where nineteen men were at work, it was said. The only damage was in the immediate vicinity.

The injured men were brought out by their companions, all of whom are said to have escaped.

## ANOTHER BLAZE CAUSES A LOSS OF \$100,000

Fire-Bug Again Active in Pennsylvania Town

Thirteen Buildings are Destroyed

(By Associated Press)

Clearfield, Penn., January 14.—Fire believed to have been of incendiary origin broke out at Madera, near here, today.

At 9:30 o'clock thirteen buildings had been destroyed with an estimated loss of \$100,000, and the fire was still burning.

Fire companies were being hurried from nearby towns. Railroad men reported that just before the fire was discovered, they saw two men running from one of the buildings which soon afterward burst into flames.

Madera is a thriving town in the bituminous coal district.

## DOUBLE TRAGEDY DUE TO BOOZE

Muskegon, Michigan, January 14.—(Associated Press) — After several practice shots at the family cat, Irving Morton early today forced his wife to become his target and spent thirty minutes in firing twelve shots into her body.

Then he turned the rifle on himself and fired one, dying instantly. Despite the twelve bullet wounds, Mrs. Morton has a chance of recovery, physicians say. According to statements to the police by the wounded woman, Morton was intoxicated.

## TELLS PROBERS OF INDIGNITIES DUE TO TROOPS

O'Callaghan Again Appears Before Committee of 100

Says Catholic Leaders Are Especially Persecuted by The Soldiers.

(By Associated Press)

Washington, January 14.—Catholic churches, convents, Catholic schools and priests themselves are objects of constant outrages by British Crown forces in Ireland, Donal O'Callaghan declared today in his statement before the committee of the Committee of One Hundred investigating conditions in Ireland.

Father Griffin, of Caloway, he declared had been killed "unofficially" because he was known to have received an invitation from the American Commission investigating Irish conditions to come here to give testimony.

Father MacSwiney, of Cork, he said, was taken from a tram car on December 18 and ordered to write "to hell with the pope." Refusing the Lord Mayor added, the priest was practically stripped of his clothing and beaten.

The Lord Mayor said there was constant mistreatment of women despite the usual belief they were "immune from indignities committed by British forces." He gave names and dates of some dozen alleged instances of the killing of women.

## TROOPS TO QUIT STRIKE CENTER

Camp Sherman Infantry Soon To Return from West Virginia

No Trouble Recently in Mingo County

(By Associated Press)

Charleston, W. Va., January 14.—Federal troops on duty in the Mingo county coal strike zone will begin to move out tomorrow on their return to Camp Sherman.

The movement will be gradual and some time will be required before all the soldiers now on duty in the field have been withdrawn.

This announcement was made by Governor Cornwell this morning.

Four companies of infantry were called here at the request of Governor Cornwell November 28th.

Governor Cornwell made no statement concerning existing conditions in Mingo county, but it was assumed the absence of disorders recently and desire to give the new county civil administration an opportunity to show its strength, combined to prompt the withdrawal order. Troopers of the state police already have been sent to Mingo county to replace the soldiers.

It was understood here that transportation for the first company to be moved out would arrive during the day and that baggage would be loaded in time for the train to leave early Saturday.

No dates have been announced when the remainder of the battalion will be withdrawn but it was believed within a week all soldiers would be out of the district.

## Coal Rate Schedules of All Ohio Coal Carrying Roads Rejected by Commission

Sought to Restore a Differential Rate On Soft Coal

Utilities Commission Holds Rates Fixed In 1917 Temporary

(By Associated Press)

Columbus, O., January 14.—The Ohio Public Utilities Commission today formally rejected coal rate schedules filed by all roads in Ohio and which had been temporarily suspended for investigation.

It was estimated Ohio shippers and consumers of coal would be saved a million dollars a year in freight rates the carriers sought to add to present increased rates.

The railroads claimed under a recent order of the Interstate Commerce Commission which granted 40 percent increase in rates they were authorized to restore a 40 to 60 cent differential rate on bituminous coal shipped from Ohio points and the rate on coal from nearby states; and that to accomplish that purpose they were authorized to add 15 cents per ton to the Ohio rate which shippers claimed was already burdensome and deducted eight cents per ton from the more distant points.

The Ohio commission in its decision today points out that these differentials were established in 1917, "for the sole purpose of protecting Ohio shippers and consumers against unjust competition and that they were intended to be repealed, while the railroads are now attempting to beat them into a sword to further burden the very people who they were designed to protect."

### MORRIS WHISKY RUNNER DRAWS \$500 AND COSTS

Colored Men Who Assaulted Whisky Runner Get Away With Car And Booze.

Morris Endeavors to Switch Roll To Wife While At Mayor's Office.

Purchased Seven Cases Of Liquor In Cincinnati And Was Selling It.

Vernon Morris, Columbus man who was knocked in the head south of this city Wednesday night and his automobile stolen by two colored men was a "whisky runner" and pleading guilty before Mayor V. J. Dahl to a charge of transporting liquor, was fined \$500 and the costs, which he paid and was then released.

Morris admitted his offense, stating that he had started from Cincinnati with seven cases of liquor which had cost approximately \$80 per case, and that when the two colored men assaulted him they did so with the intention of obtaining his roll of between \$700 and \$800.

After being struck Morris was able to make his escape in the darkness, and saved his money.

No trace of the two colored fellows had been obtained up to Friday noon, and Morris may never see his machine again or the \$325 worth of liquor contained in the car—some four cases, of 12 bottles to the case.

During Thursday afternoon the man's wife arrived in this city and Morris endeavored to pass the "roll" to his wife, but the police stopped the proceedings and told Morris he had better retain the roll to keep himself out of the workhouse in case he could not pay the fine. Morris returned to Columbus.

According to the story told by Morris this was his first offense—a thing which is doubted very much by the police who think he had been in the habit of making the Ohio towns with a load of Cincinnati booze.

Morris was told by the colored men that they knew a man residing near this city who would buy the four cases of liquor, and after stopping on the Creek road they endeavored to obtain the money by striking him with a quart bottle filled with whisky.

Morris claims that as they were leaving this city he slipped a piece of gas pipe from where one of the men had placed it in the machine, and secreted it under the front seat. It is his belief they intended making sure of their work by felling him with the heavy section of pipe.

Although repeatedly wired to send a man to this city the State Anti-Saloon League failed to do so, but promised each time that a man would be sent.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

"Women are facing an area of simplicity," said Mrs. Edna Woolman Chase of New York, editor of the Magazine Vogue, who is rated as an expert on feminine apparel.

"This spring," she continued, "there will be a sparing use of embroidery, a discard of gaudy footwear, an elimination of that over-dressed look. Everything is to be in exceeding good taste, exquisite shoes many pearls. There will be sashes at the hips, floating panels and plaiting—but above all, simplicity in cut and line.

"The knee-length frocks are doomed. They become too common, you see. When styles become common smart women drop them and start new modes. They are the ones who start new modes. Why, evening gowns are to reach almost to the feet. Street dresses will not exceed 10 inches from the floor.

"Women should be as beautiful as possible. It is their duty to the world—and to their husbands. Women dress for one another, and the first rule is fashion. I don't believe in the outrageous fashions adopted by many young American girls today. They look common and wayward. Those awful jet earrings and overfeathered hats and lacy gowns. Young girls are copying the models for women of 30—dressing as women of the world."

The Ladies Aid Society of the Madison Mills church met at the home of Mrs. Dell Shobe Wednesday, January the twelfth.

# ALDERMEN ARE GIVEN SUCKERS TO KEEP SILENT

No More Noisy City Councils Is Plan of Clever Chairman

(By Associated Press)  
Chicago, January 14. — Chairman John A. Richter of the Finance Committee has solved the problem of a too noisy city council, he said today, "after seven years of observation."  
A bag of all-day suckers was passed around by the chairman when he opened a meeting yes-

terday of the finance committee, and for an hour the aldermen were quietly occupied with licking the candy sticks. The desired degree of silence was obtained. "One of the most successful meetings we have ever had," said Mr. Richter afterward.

# DOCTOR FALLS INJURES HEAD

(Special to The Herald)

# THIRD MEMBER OF FAMILY IS DEAD OF TYPHUS

Fourth Child of Frank Meyers Family in Paint Township Also Very Low.

Deaths Due to Outbreak Of Typhoid Fever — Child Was In Hospital Here.

For the third time in four weeks death has visited the Meyers family residing on the Prairie pike in Paint township.  
William Meyers, 16, oldest son of Mr. and Mrs. Frank Meyers, passed away at the Hodson Hospital Friday morning at a few minutes before one o'clock. Death was due to typhoid fever with which he had suffered in the hospital for the last two weeks. He had been dangerously ill before being taken to the hospital and there was little hope for him when he entered, so severe had been the ravages of the disease.

The body was removed to Jeffersonville, Friday morning by Undertaker S. C. Morrow. Funeral services will be held Saturday afternoon and burial will be made in Fairview cemetery.

William is the third child to die in the Meyers family from typhoid during the last month. Rufus, age 14, was the first. Then a younger brother, Elijah, 8, passed away with the same malady. When the mother learned of the death of the third child she suffered a collapse.

Because of the mother's condition the body of the boy was not taken home but was removed to the home of an uncle, Ed Wilt.

Another child, Donna, the baby aged two, is extremely ill and fear is being held for her recovery. Only recently the child partly recovered from the typhoid and her condition became alarming when she suffered a relapse.

The baby Donna and a sister, Fern, ten years old, are the surviving children from a family of five.

# SAVED CARSON FROM PROSECUTION BY GOVERNMENT

(By Associated Press)  
Macclesfield, Eng., (By Mail).—The Irish Nationalists leaders, John Dillon and John Redmond, saved Sir Edward Carson, Unionist advocate from prosecution for preaching rebellion in Ulster in 1914, says Charles F. G. Masterman, who was then Financial Secretary to the Treasury.

Mr. Masterman in addressing an audience here blamed Sir Edward for beginning the resistance to the crown which led up to the present situation in Ireland. One of his hearers asked why the Ulster leader was not then prosecuted and Mr. Masterman replied: "The cabinet was ready to do so, but John Redmond and John Dillon, acting through Mr. Lloyd George, persuaded the cabinet not to take the step. They argued that in three months time the Home Rule Bill would become law, and they would then be responsible for the government of Ireland. They asked that they should be allowed to undertake the government of Ireland without being hampered by any feeling created before hand by the prosecution of Sir Edward Carson. They thought they could overcome what they regarded as the blague (humbug) of the Ulster movement."

"They may have been right or wrong," concluded the speaker, "but the war broke out before the test came."

### SHAPING PLANS FOR FIELD DAY

County Schools will Hold First Track and Field Day, May 6.

On the last day of school in the Village and Consolidated Districts the first County School Track Meet will be held May 6th, probably on the Fayette county fair grounds. It was announced Thursday by Superintendent O. S. Nelson.

Plans are being shaped for staging the event. It promises to be an affair of prominence along lines similar to the annual track and field day held each year by the Pickaway county schools.

A committee on grounds has been named with Supt. A. E. Henkle, chairman, and H. A. Hyer, secretary. O. A. Turner heads the committee on events with Howard Vamorsdal, secretary.

An invitation will be extended to every school in the county to take. It will be an all day affair with picnic feature.

### IF ANYONE DOUBTS WHAT DRECO DOES I CAN PROVE IT

Tiffin lady known from experience that back ache, stomach disorders, headaches and constipation can be relieved.

Hand often went to sleep, and had to rub them to start circulation; Dreco stopped all that too.

"I feel better than I have in ten years, and have gained in weight since taking Dreco," are the words of that highly esteemed lady, Mrs. Lucile May of 99 W. Market St., Tiffin, O.

"My back used to feel that it would break; I was daily constipated; couldn't eat much because my digestion was so poor; my nerves were on edge and my sleep very light so that I'd wake from any slight noise.

"My hands often went to sleep, and I'd have to rub and pound them to get the circulation started. All these troubles are gone since taking Dreco. I never have a backache; sleep sound; have a fine appetite; bowels act regular every day; am gaining in weight and feel great. If anyone has any doubts about Dreco, I can prove to them what it will do."

Dreco acts on the vital organs to build them up, so that they perform, as Nature intends. Dreco does not just "boost you up," while you take it, but restores the organs to normal healthy activity. That is why Dreco results are lasting.

All good druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher. — Adv.

### AUTO DAMAGED

Skidding on the ice covered surface of the street while turning from North street into East, 11 Library corner, early Friday morning, a Buick touring car owned by Henry Brownell had a rear wheel broken down when it struck the curb.

### POSTOFFICE DOOR IS REAL FOOLER

One of the doors on the storm vestibule at the Post office must be watched. A number of persons have been discovering this lately after their nose has been bumped by the swinging door.

One day this week a man was noticed entering the vestibule close upon the heels of another man. When one of the doors swung backward toward him he placed his hand out to stop it by pressing on the glass.

Then the trouble happened! There was no glass in the door and the door came back with a smash, striking the man full in the face and the air was blue.

### IN COUNTY JAIL BIG BOND FIXED

Divorced Wife Declared She was Threatened and That She was Forced to Flee to the Neighbors.

Frank Alltop is in the county jail after having been bound over to the grand jury by the Justice of the Peace J. D. McMahan of Millidgeville on a charge by his divorced wife that he had made threats against her life.

After being arrested Tuesday by Constable J. W. Armatrou, Alltop spent the night in jail here and was removed to Justice McMahan's court Wednesday where his bond was fixed at \$500. He was unable to furnish the amount and was sent back to the county jail to await action of the grand jury.

The divorced wife, Mrs. Lizzie Alltop, has been making her home with her son at Millidgeville, after having moved there recently. She declares that when her former husband appeared he threatened to kill her and the threats so frightened her that she and her son were forced to go to a neighbor's home.

Alltop is reported to have remained in the house the rest of the day and that night. He fled the next day when Constable Armatrou appeared. He was later apprehended and placed under arrest.

JOHN H. BERNIS, of Cincinnati, Ohio, who says his wonderful restoration to health since taking Tanlac has astonished all his friends, has gained twenty pounds.

"My friends are all astonished over my wonderful restoration to health since taking Tanlac," said John H. Bernis, of 298, East Front St., Cincinnati, Ohio, recently.

"I don't know what it is but there is something about Tanlac that certainly does the work," he said, "and I firmly believe if it hadn't been for this medicine I wouldn't be here now. It completely restored my health and I have gained twenty pounds besides. I have a splendid appetite now, and can eat anything I want without being troubled in the least afterwards."

Before taking Tanlac my health was dreadfully rundown. My main trouble was indigestion, and I suffered misery night and day. I never seemed hungry, and the little I ate upset my stomach. I was nervous and couldn't get a good night's sleep. I lost thirty-four pounds and was going down hill rapidly. It seemed like the more medicine I took the worse I got. But since taking Tanlac I am like a brand-new man. I sleep like a farm hand all night and feel just fine all day. In fact, I'm a perfectly well man once more. Tanlac certainly beats anything I ever saw in my life."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by J. W. Murphy and in Mill-edgeville, E. L. Ford Sons, Lee Orman Selden.—Advt.

## CLOSING DAY OF INSTITUTE

C. C. French Heads Jeffersonville Institute For Coming Year

The Farmers' Institute at Jeffersonville was brought to a close Thursday evening after having been in session since Wednesday morning.

In the annual election of officers the result was: C. C. French, president; Z. E. Zimmerman, vice president; C. C. McCoy, secretary.

The Executive committee named was: A. G. Blessing, C. M. Ritenhour, F. E. Eichelberger, Mrs. F. C. James, Mrs. Justin Owens.

The three men who served on the Nominating Committee were: L. C. Bates, H. J. Smith and Willard Kirk.

All three sessions on the closing day were largely attended. State Speakers Miller and Mrs. Thomas T. Pierce delivered excellent addresses and L. H. Goddard spoke on "The Farm Bureau."

Music during the institute was furnished by the Jeffersonville schools again proved one of the entertaining features of the programs.

Thursday night was devoted entirely to entertainment with a three act comedy-drama, "The Hoodo" given by the Senior class of the Jeffersonville High School. Jefferson Hall was completely filled for the play.

Another Farmers' Institute for Jeffersonville is assured. The affair this year was most successful in every department and the annual 1-2-2 institute will probably be larger and include more features than any program previous.

## TAG APPLICATIONS BECOMING SLACK

Although there are many persons who have not yet applied for their 1-21 automobile licenses there is a lull at the Fayette County Automobile Club offices where the plates are being issued.

January 20th is the last day on which cars may be run without the new numbers.

Unless scores apply between now and the 20th day the Auto Club looks forward to another big rush on the final day as occurred last Saturday when the offices were swamped.

There are plenty of licenses on hand and no shortage will occur, it was announced.

## NEW HOLLAND OPENS ANNUAL INSTITUTE

New Holland opened its annual Farmer's Institute Friday morning. It will continue until Saturday afternoon with three sessions Friday and 2 Saturday.

Thethree State Speakers who have so highly pleased audiences this week at Good Hope and Jeffersonville are on the lecture platform, H. P. Miller, Clarence Henry and Mrs. T. T. Pierce.

Officers presiding over the Institute are: Edward Gerhardt, President; Harry Briggs, Vice-president; Glen Kirk Secretary; and Russell Ebert, Treasurer.

Music is being furnished by O'Brien Quartet.

## BLOOMINGBURG TO GET SERVICE FOR LATE TRAINS

Beginning Friday evening and continuing for an indefinite period and extra man will be put on by the B. & O. Railroad to be on duty for the two evening passenger trains.

The ticket office will be open and waiting room accommodations as usual for both trains. The office will not be opened for the early morning train, it is stated.

The office at Bloomingburg was recently closed at four o'clock under the new retrenchment policy of the B. & O. and protest became so vigorous that the officials decided to allow the extra man for the evening trains.

## FIRST ENTRY FROM FAYETTE

The first entry of corn to be received from Fayette County for the Ohio State Corn and Grain Show is from D. H. Wissler of Bloomingburg.

W. E. Hanger, who is managing the show, says correspondence indicates that the number of other entries from the county will follow.

The exhibition is held in connection with the ninth annual Farmers' Week program at the Ohio State University from January 31 to February 4.

## Simple Phosphate Supplies Strength and Energy Building Elements That Modern Foods Lack.

Just one or two little tablets of real organic phosphate dispensed in drug stores under the name of Bitro-Phosphate taken with each meal is probably just what you need to cause you to jump out of bed in the morning eager for the industrial battle of the day.

Modern foods lack sufficient phosphorus, and that is why 40 per cent. of men and women today are nervous, weak and rundown. Bitro-Phosphate is safe to take and Blackmer & Tanquary or any good druggist can supply it at reasonable cost.—Advt.
